SITUATION

Overlooking Whitesands bay, a couple of minutes walk from Sennen Cove harbour and a mile from Land's End, Top Cottage is a perfect holiday retreat.

It is newly built on an old site, so has all the advantages of modern building technology, such as insulation, efficient heating and draught proof windows, combined with a spectacular location. With its living roof, it is literally tucked into the hillside taking advantage of both the spectacular North facing sea view and the sun to the South. The rear terrace is sheltered from the prevailing winds, making a perfect sun trap.

The cottage has a lovely, calm, light filled atmosphere during the day but is warm and cosy at night, with a wood burning stove to keep off the Atlantic chill in the winter.

Sit out and watch the sun go down in Summer, or curl up on a sofa with a good book in colder weather!

ACCOMMODATION

Top cottage can accommodate four people comfortably – either in a double and twin room or two doubles. Linen & towels are provided, as are logs for the wood stove. Unfortunately, the house isn't suitable for dogs.

BOOKING

We operate a Friday to Friday weekly booking system, though short break are available – please ask.

Prices vary throughout the year from around £350 to £800 per week and booking is through Atlantic Cottage Holidays (call 01736 871486).
